Luxury Yacht Charter Services

Commercial yachts operating out of Turkey consist of a variety of yacht types, including locally built Gulets, which means opportunities for reaching out to and offering exciting vacation products and travel experiences to clients within all budget ranges. Luxury Hayat Tourism Chater Show not only provides the most convenient opportunity to view the best yachts in the region but also acts as a hub for networking with local contacts and learning about the plethora of attractions available within Turkey. Various seminars will be held during the show to familiarise brokers with Destination Turkey – an exciting global destination that has so very much to offer visiting charter guests. Do not miss on this opportunity to learn about all aspects of yachting in Turkey.

Provinces of Turkish Black Sea coast

Turkish Black Sea coast

Black Sea Turkey in northern Turkey, is a humid and verdant region renowned for its natural beauty thanks to the high precipitation levels distributed evenly throughout the year. The region is very mountainous and is heavily forested, while the highest parts of the mountains are covered with alpine meadows, glacier lakes, and glaciers.

- Trabzon
