About Us

In 2017 the idea emerged to simplify the travel to Middle Eastern countries. Since more than 20 years we are successful in the tourism field in Jordan. The time was ripe to shift the focus on combination tours with Egypt, Israel, Palestine, Lebanon and Syria. BookingJordan.com was born, and the name indicates that the heart of our company beats in Jordan. We are located in Amman and Petra with representative offices in Jerusalem, Cairo and Damascus. In 2021 we plan to expand to Turkey and Oman.

The Middle East is a fascinating and diverse region, known as the cradle of the civilizations. Rich in history, culture, religions and hospitable people. We welcome travelers searching to explore the attractions, experience the spirit of an adventure, follow the footsteps of the prophets or a combination of all. We'll take you to the major highlights as well as less travelled areas. This gets you closer to the culture and the local people you came to discover and you return home with stories to tell. Experience a real journey away from headlines the region makes. BookingJordan.com is the One-Stop-Travel-Shop to do so.

The travel industry is highly competitive. To strengthen our position we listen to our customers, focus on quality services and innovations. BookingJordan.com will finalize the development of a tour software for customized itineraries in mid-2021. Our goals cannot be accomplished without the help of our staff. Our employees play the most important role, they distinguish us from our competition. The ability to offer high service through all the process is something you can only achieve with excellent staff.
