Ecuador is a small country in South America. It's considered the country of **4 worlds** *because has four different and amazing region. Each one has an exceptional topography, with different climates and especially big biodiversity in fauna and flora and you can also find endemic species.*

Galapagos archipelago has many island with cold and dry weather. It's a spectacular place where you can find endemic species like blue-footed boobies, penguins, Galapagos tortoise. As well on the ocean has a diversity of animals like hammerhead sharks, sea wolf, among others. His flora's beautiful you can watch, lava cactus, Darwin cotton, and many more species. Galapagos Islands is a cultural patrimony of humanity.

Coast region iyou can find some beautiful beaches, dry forest an mangrov, the weather is hot and humid. You can appreciate the fauna that exist with whale watching, see the pink dolphing or watch the gulls or iguanas. The flora is characterized for being a tropical jungle, spreading like forests covered with moss, lichens, and ferns.

Sierra region has the most amazing volcanoes and snowy because Ecuador crosses the Andes mountains. The most astounding is the **Chimborazo** volcano because is the highest in the world. Exist a diversity of animals like llamas, alpacas, condor, and many more. In flora, you can know the orchid, bromeliad, roses among others. Also, you can ken marvelous architecture like churches, museums, and other amazing places like half of the world

Amazon region has a big extension of the humid-tropical forest. You can find unique species of animals like the jaguar, giant otter, frogs, toads, and more. Exist a diversity of birds and insects that are unique in the world. Also, the flora is very important not only for their beauty like the orchid as well the native people use some kind of plants for different purposes, like medicinal or make up, for example, but they also use "guayusa" as energizing.

AMAZING ECUADOR & GALAPAGOS ISLANDS HOPPING

9 DAYS / 8 NIGHTS

VISIT: QUITO/ SANTA CRUZ ISLAND / ISABELA ISLAND

DAY 1: TRANSFER IN

Arrive in Quito and transfer to the hotel. Overnight.

DAY 2: QUITO- SANTA CRUZ ISLAND

Breakfast. In the morning, you will have a walking tour of the old town of Quito. After that, you will go to Panecillo's hill, which is a beautiful viewpoint. Then you will go to the Middle of the world where you visit the Intiñan Museum. Flight to Baltra airport. You will explore the natural habitat of the giant Galapagos turtles in Santa Cruz Island. You will visit Primicias Ranch, a reserve for turtles. Lunch and transfer to the hotel. Overnight

DAY 3: ISABELA ISLAND

In the morning visit, Las Grietas, which is part of a volcanic fracture, where you can bathe in its waters. In the afternoon, we went on a public boat to Isabela Island, the largest island in the Galapagos. You will arrive at Puerto Villamil and make a tour of the breeding center of Tortugas and the Laguna de Los Flamingos. Accommodation.

DAY 4:CHARLES DARWIN RESEARCH STATION

In the morning, visit the Charles Darwin Research Station, which gives you information about the evolution of the islands and hosts a **breeding center of giant turtles.** In the afternoon, you will visit Tortuga Bay, one of the most beautiful beaches of Galapagos, where marine iguanas, pelicans, and sea lions can be observed. After a small walk through the forest of Opuntia cactus, you can take a refreshing bath in the ocean. Overnight. Dinner.

DAY 5: SANTA CRUZ ISLAND

In the morning, we go to Daphne(north of Santa Cruz Island), an exposed rock, one dive site located 30 minutes from Itabaca Channel. Here we find a small cave (this is NOT a cave dive). After lunch, we will dive in Mosquera, this is an islet that emerges from the sea, one dive site located 25 minutes from Itabaca Channel.

DAY 6: DIVING DAY

After breakfast picks up, to start diving in Seymour Channel you can see sea lions, turtles, reef fishes, Galapagos eel. After the box lunch, we will do diving in Gordon Rocks for this rock formation is a world-renowned site for divers due to the strong currents and surge and you can see a lot of species of animals

DAY 7:SANTA CRUZ ISLANDS

Floreana is located in the South of Santa Cruz Island. Normally this site does not present strong currents. This is a reef dive site where corals and sponges can be found. Here we can see a cleaning station where you can see a lot of species of animals

DAY 8: SOUTH PLAZAS

Breakfast. Visit the Plazas Sur island begins with a landing. The rocky path circumnavigates the island showing the combination of dry and coastal vegetation. The island is the home of the enormous Chumbera and the endemic sesuviana succulent and has one of the main populations of land iguanas in the Galapagos Islands.

DAY 9: TRANSFER OUT

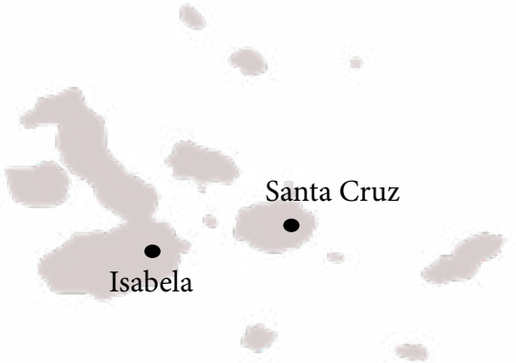

After breakfast, you will go from Puerto Ayora to the Baltra airport.

INCLUDED

- Drinks and meals not mentioned in the itinerary
- Tips
- Extras
- Travel insurance

EXPRESS GALAPAGOS ISLANDS HOPPING TOUR

4 DAYS / 3 NIGHTS

VISIT: SANTA CRUZ ISLAND/ SANTA FE OR FLOREANA/ ISABELA

DAY 1:BALTRA – EL CHATO RESERVE

Arrive at Baltra Airport you will transfer to the Hotel, located on Santa Cruz Island. After lunch, we will have the first visit to Reserva El Chato. Is a tropical humid forest. In the area of Santa Rosa, to visit the El Chato Reserve, where the famous giant turtles "Galápagos" live in a natural state, you can see the turtles relaxing in the lagoon. This is also the place where many birds of the Island nest. This reserve is also known as a natural lava tunnel, which can be covered thanks to dim lighting installed by the owners of the ranch. Accommodation.

DAY 2: DAY TOUR TO SEYMOUR O PLAZAS O BARTOLOMÉ OR SANTA FE O FLOREANA (according to availability)

Breakfast. Visit the island Plazas Sur begins with a landing. The rocky trail circumnavigates the island showing the combination of the area of dry and coastal vegetation. The Isla is home to huge Chumbera and the endemic sesuvian succulent. South Plaza has one of the largest populations of land iguanas in the Galapagos Islands. Visit North Seymour. North of Baltra is the small islet of North Seymour. Both islands are very similar in appearance both created from geological uplift and have arid vegetation such as nopal, Palo Santos trees, and salt shrubs. Visit Bartolomé Island or Santa Fe or Cerro Dragón. The final navigation depends on the availability of the final date. Accommodation.

DAY 3: DAY TOUR TO ISABELA WITH CONCHA PERLA

After breakfast, we will board the yacht bound for Isla Isabela, in the navigation of about two hours. After Arrival in Puerto Villamil, we will visit the Giant Tortoise Breeding Center. Here we will observe turtles of all ages. Later we will visit the flamingos' lagoon and, we will have a moment to enjoy the beautiful beach of Isabela. We went to the port to have lunch. After we continue our tour to Concha Perla, it is a beautiful place in the bay of crystal clear waters where snorkeling takes place, having the opportunity to see a variety of fish, sea turtles, penguins, among others. Return to Santa Cruz. Accommodation

DAY 4: CRATERS GEMELOS - AIRPORT

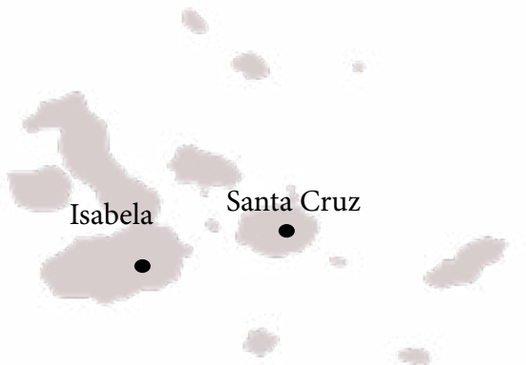

After breakfast, transfer to the airport, on the way we will make a final stop to visit the **Twin Craters**, geological subsidence in the middle of a forest of scales (endemic vegetation) located in the highest part of the island. We return to the airport to give them assistance in the transfer to the destination city.

INCLUDED

WONDERFUL GALAPAGOS ISLANDS HOPPING

12 DAYS/ 11 NIGHTS

VISIT: BALTRA/ SANTA CRUZ/ ISABELA / SEYMOUR/ BARTOLOME / SAN CRISTOBAL

DAY 1: BALTRA- SANTA CRUZ

Arrive at Baltra airport. You will go to the natural habitat of the giant Galapagos turtles in Santa Cruz Island. You will visit Primicias Ranch, a reserve for turtles. Lunch and transfer to the hotel in Puerto Ayora. Overnight.

DAY 2: SANTA CRUZ

In the morning, visit the Charles Darwin Research Station, hosts a breeding center of giant turtles. In the afternoon you will visit Tortuga Bay, one of the most beautiful beaches. After a small walk through the forest of Opuntia cactus. Overnight.

DAY 3: SANTA CRUZ - ISABELA

Free morning to enjoy the island on your own. In the afternoon, you will take a speedboat to Isabela Island. You will arrive in Puerto Villamil.This island is formed by volcanoes. Transfer to the hotel. Overnight.

DAY 4: ISABELA

After breakfast, you will start a full-day tour to the Sierra Negra volcano. Lunch at a typical farm, called Hacienda Campo Duro, where you can also taste some local fruit cultivation. In the afternoon you can go to Concha y Perla beach ,and you will also do a bay tour to "Tintoreras" which is a group of small islands . You can just relax or practice snorkeling. Return to the hotel. Overnight.

DAY 5: ISABELA- SANTA CRUZ

In the morning, a speed boat will take you back to Puerto Ayora on Santa Cruz Island. After arrival, you will take to the hotel. Later, lunch and bay tour that includes the visit of several places on the coast. During this trip, you have the opportunity to practice snorkeling. Return to the hotel. Overnight.

DAY 6: SEYMOUR

North of Baltra is the small islet of North Seymour. It has typical arid vegetation like Palo Santo trees, and salt bushes. The visitor trail on North Seymour crossing the inland of the island and exploring the rocky coast. Along the way, the trail passes colonies of blue-footed boobies and magnificent frigatebirds. Return to the hotel and overnight.

DAY 7: PLAZA

The visit to South Plaza begins with a landing. The rocky trail circumnavigates the island displaying the combination of dry and coastal vegetation zone. The island is home to enormous prickly pear cactus and the endemic succulent Sesuvian. South Plaza has one of the largest populations of land iguanas in the Galapagos. In the afternoon you have the opportunity to snorkel and swim at Punta Carrion. Return to hotel and overnight at Hotel.

DAY 8: BARTOLOME

Take the speedboat to arrive at Bartholome Island. It is a small picturesque island, where you can climb over 300 steps. From here, you can admire the different islands of the archipelago and see lava fields.
