ATTA CENTRE

The centre is located in one of the busiest places in the city - on Krasta Street 60, 5-minute driving distance from the city centre, a 15-minute drive from the airport.

Shopping centres, universities and car dealerships are located nearby.
The transport artery of the Krasta street makes it easy to reach from anywhere in the city.

THE ATTA CENTRE CONCEPT IS BASED ON THE IDEA OF AN ANTHILL

ATTA is a unique genus of leaf cutting ants, which are widely considered to be one of the most evolutionarily advanced organisms in the world. These ants, just like humans, are capable of agricultural activities, and are also known for building the largest anthills in the world.

The ATTA philosophy is based on teamwork aimed at creation, as well as striving towards joint development and discovering new horizons.

ATTA CENTRE

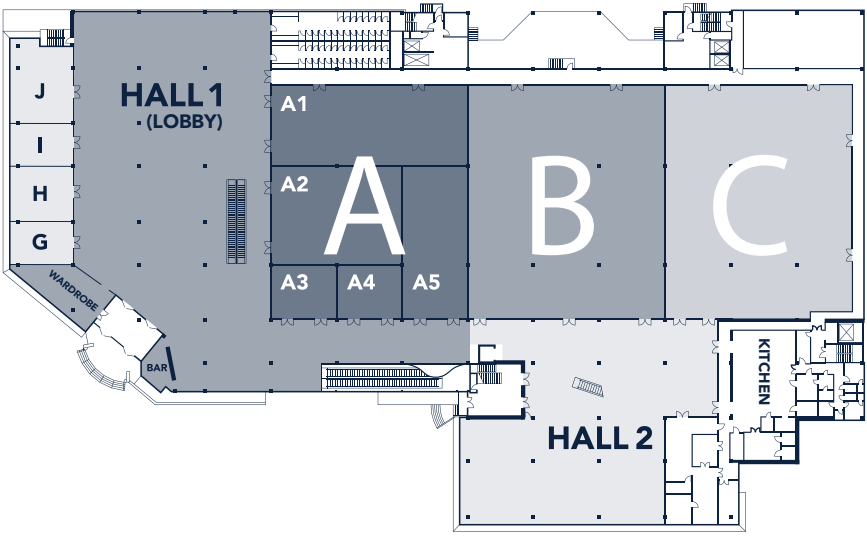

The total space of the ATTA CENTRE is 15 000 m2, whereas the height of the ceiling is 6,5 m.

The centre allows to hold a variety of events: exhibitions, conferences, banquets, as well as cultural, artistic and sports events of any format.

The high-tech multi-modal system allows to change the whole geography of the entire first floor without the loss of the sound insulation quality.

FULL-CYCLE CATERING

ATTA CENTRE is the only place in the Baltics that can host a banquet for **3070 guests** at the same time, and our kitchen covers an area of **400 square meters!**

Full-cycle catering services are available for our guests: a varied menu for any event and for every taste. Off-site catering services are also available.

All our dishes are cooked by using natural eco products that are grown in local farm and beautifully served with German quality glassware and Swiss cutlery. No defrosted and microwaved ingredients are allowed to land on your plate – we make everything from scratch.

Organization of events from A to Z

The center is not only a platform for a multidisciplinary format of events (from a banquet or small shooting to an international forum, exhibition, conference).

ATTA CENTRE offers a full cycle of services: technical equipment, qualified specialists, catering, marketing and others.

Moreover, ATTA CENTRE organises its own events of entertainment, educational, sports and business formats online and offline.
