OVERVIEW

It's about time. The Standard has officially arrived in Ibiza. It feels like years in the making; two soulmates destined to be together, finally meeting, with a shared outlook and spirit of adventure that makes for a very exciting marriage – and we mean very.

Located in the heart of Old Town, just steps from the waterfront along the pedestrian-only Vara de Rey, The Standard, Ibiza offers a fresh new take on the Ibiza of today while embracing the island's rich past. Set in a clean, stark-white building with a collection of 53 rooms and suites, plus a freestanding private residence, Casa Privada, the hotel is outfitted with bright, eclectic décor and lush landscaping. The ground floor entrance and street-level restaurant literally open the hotel's doors to visitors passing by in this historic part of town, offering farm-to-table food and fresh cocktails. The rooftop pool and restaurant provide stellar views of the city's iconic Castle of Ibiza, with light bites, drinks, and loungers for mingling, reading and sunning. While it doesn't compete with Ibiza's mega-clubs, The Standard, Ibiza doesn't go to sleep early, either. As the evening evolves and the fresh cuisine turns to more (and more) cocktails, an air of seduction and mischief is felt throughout the hotel, as guests wine and dine at the ground floor restaurant or on the roof beneath the stars until the wee hours, getting into all sorts of trouble.

The island of Ibiza is a microcosm of everything that satisfies and pleases, and The Standard, from top to bottom, mirrors that splendor to perfection. And then some.

LOCATION

Located in the heart of Ibiza Town, just steps from the waterfront along a Parisianesque pedestrian-only avenue, The Standard, Ibiza will quite literally open its doors to the many visitors walking through this historic part of the island, while in the evening creating an aspirational sense of seductive nightlife and unbridled playfulness; all while providing a tranquil, luxury escape in each guest room.

Staying at The Standard, Ibiza means staying in a historical labyrinth of winding, white streets scattered with boutiques, charming restaurants, art galleries, flowers and monuments; it is one of the most beautiful, lively and interesting places on the island. This serene, cultural side of Ibiza coexists perfectly with its fine sandy beaches, crystal clear waters and its much sassier side, which is revealed when night falls and some of the most famous clubs in the world come to life.

GROUND FLOOR RESTAURANT

The restaurant, located on the Ground floor will be The Standard's introduction to Ibiza. It will be open all year, catering to locals and visitors. A friendly hybrid of a Café and a Brasserie, the space will be a great place to see and be seen, a central meeting place with a constant flow from morning into late night. While breakfast, lunch and dinner will be served, guest will always be able to join for a quick and casual espresso or a cocktail, either at the bar or at a table.

The energy of the restaurant will be in synergy with its surroundings, fully contributing to Ibiza's Old Town neighbourhood experience.

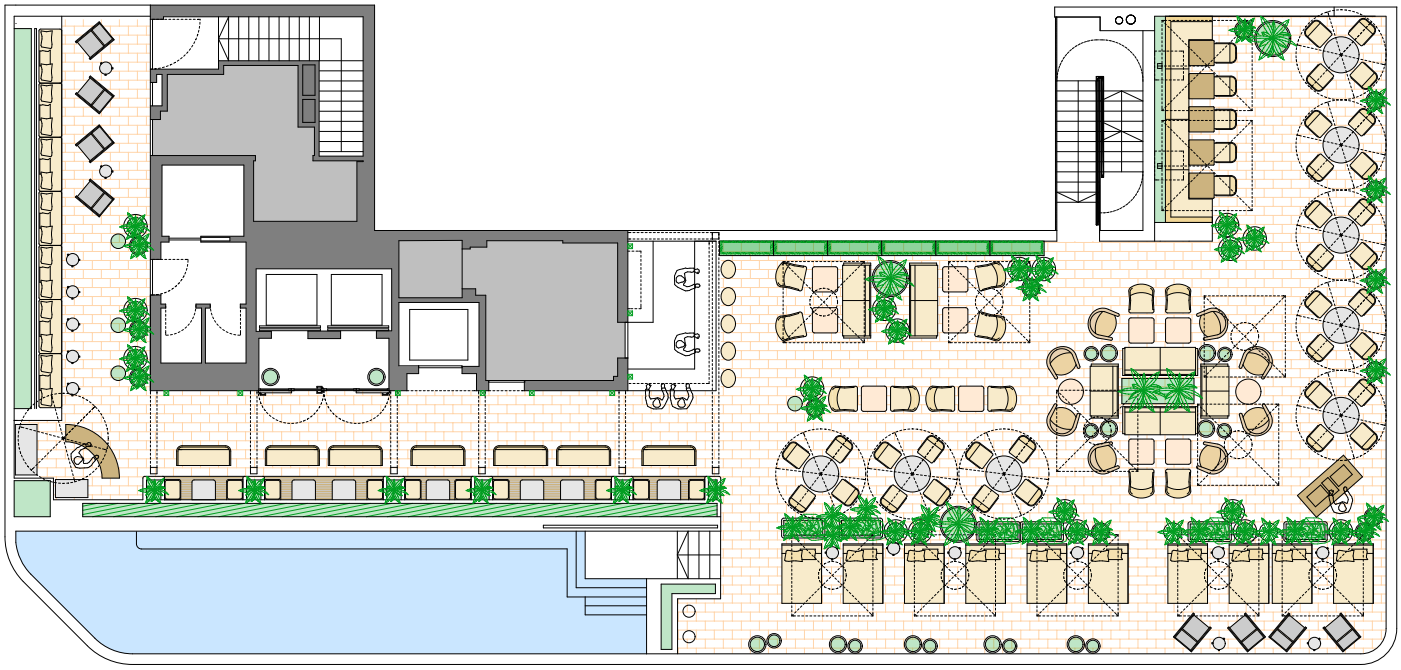

The terrace, bar, and tables surrounding it will feel like a café while the dining room will feel more like a brasserie. During the day, the natural light and the joyful energy coming from the terrace and the street will spill inside. It will feel bright, light, and accessible.

While breakfast, lunch and dinner will be served, guest will always be able to join for a quick and casual espresso or a cocktail, either at the bar or at a table.

ROOFTOP RESTAURANT

A special dining experience perched atop The Standard, Ibiza, with sweeping views and a social scene from day to night. Hotel guests will have rooftop access in the morning to enjoy the pool. Full-service guest use and general public access will start at lunch time. During mornings and afternoons, the heat and the pool will dominate the experience. Guests will linger in swimming suits or light clothing, sunbathing and relaxing, while casually treating themselves to fresh juices and tropical cocktails and bites.

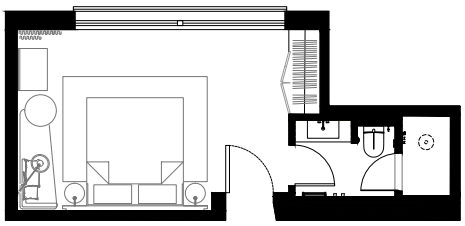

Later in the day, in contrast with the ground floor restaurants casual and spontaneous local personality, the roof bar will feel a bit more reserved, gentle, effortlessly chic, and sophisticated. As sunset approaches, swimming suits will be replaced by dresses, and juices by wines and classic cocktails. The experience will be convivial and chic, guests will share small bites while sipping drinks. A Balearic rooftop version of a speak easy will emerge as the night progresses. The environment will stay comfortable, conversations will be easy, no one will feel rushed or challenged in any way.
