About Tyrhal

Tyrhal is a company operating in the tourism sector, aiming to help travel companies display and market their packages and reach new customers, especially from Gulf countries and Arab markets. With our experience of over 15 years in the tourism sector, we have developed a modern platform that helps companies increase their sales in an easy and effective way — without the need for large marketing investments.

Our Reach & Achievements

We at Tyrhal are keen on building a strong network of partners around the world:

We currently offer more than 500 travel packages

Distributed across more than 50 destinations worldwide

In partnership with more than 300 travel companies

This reach gives your company the opportunity to access new markets and grow its business volume.

What Does Tyrhal Offer Your Company?

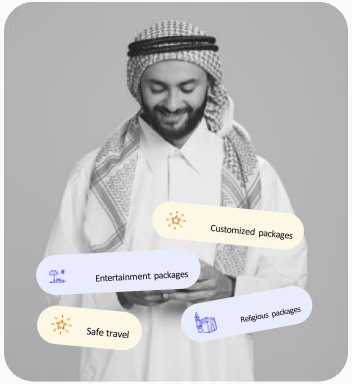

Access to customers outside your local market

Display your travel packages in front of a large number of customers

While you focus on

delivering high-quality service,

we work on promoting your your services, services,

increasing your sales opportunities,

without the need for costly marketing campaigns.

How Does the Collaboration Work?

Collaboration with Tyrhal is simple and flexible, and works as follows:

01

Your company creates a a dedicated account on on the platform

02

Travel packages are uploaded and fully managed from your side

03

When the customer makes a makes a booking, you receive receive the order details directly

04

You contact the customer and execute the service from your end

In this way, you retain full control over all your operations.

Commission Model

Tyrhal operates on a simple and transparent commission system:

- A commission is charged on every successful sale.
- The rate can be discussed and adjusted based on the market and destinations.

There are no registration or subscription fees, making the partnership completely risk-free.

Benefits of Joining Tyrhal

- Continuous marketing of your packages through the platform
- Reduction of costs related to marketing and advertising
- Continuous technical and administrative support

Customer Reach

Through Tyrhal, your sales will not be limited to the local market only. For example:

If you have a travel package to Thailand, you normally target customers from your own country only — but through Tyrhal, this package can be displayed to customers from all Gulf Arab countries, which greatly increases booking opportunities.

Steps to Work on the Platform

To get started, all you need to do is :

- Register your company on the platform
- Complete your account information
- Upload your travel packages
- Start receiving booking requests from customers

Contract & Terms

The collaboration is organized through a clear contract that includes:

- All operational and commercial details
- Cancellation and payment policies
- Terms of work between the two parties
- Full flexibility to customize terms according to your company's policy

Registration Requirements

To ensure quality and reliability of services, we require from your company:

- A copy of the commercial register
- Tourism license
- Tax documents (if applicable)
- Signing the partnership agreement

Support & Services

We are committed to continuously supporting our partners through:

- Training on how to use the platform
- Continuous technical support
- Periodic follow-up to ensure best performance
- Assistance in improving package listings

Finally…

Tyrhal is not just a platform, but a partner that helps you grow your business, increase your sales, and reach new customers with ease - without any upfront investment.

Who will join us on the next journey of success?
