Tarangire National Park

Accommodation

Bougainvillea Safari Lodge

Explore one of Tanzania's most rewarding national parks, a land of big baobab trees, big elephants and big cats. No wonder this ends up being the favorite park in Tanzania for many visitors. Sightings of wildebeest, giraffes, hippos, buffaloes, baboons, vervet monkeys and zebras are also almost guaranteed. Lions are plentiful here – Tarangire is home to one of Tanzania's healthiest lion populations. While you'll have to work a little harder to see a cheetah or leopard, it will only enhance your excitement when you do. You can also look forward to classic safari scenery – savannah plains, river woodlands and rocky hills.

Day 3

Serengeti National Park

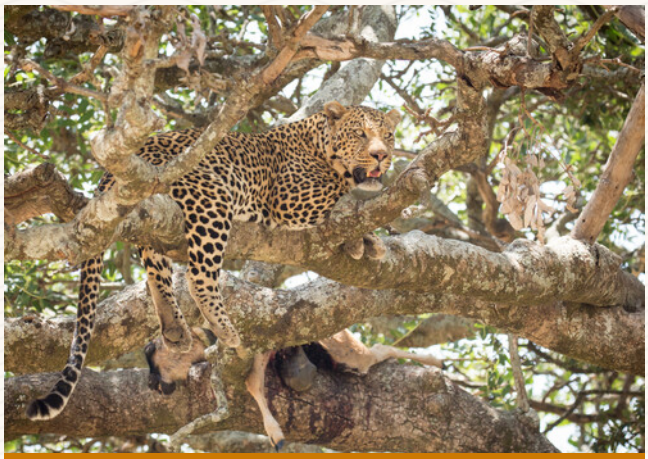

Accommodation

Land of Nature Camp

You'll never forget the time you spend in the Serengeti. Perhaps it will be the sightings of leopard and cheetah as they show their skills as feared hunters of the plains and valleys. Or that unforgettable moment when an elephant family feeds alongside your vehicle, so close you could almost reach out and touch them. Or the first time you hear a lion roar. Then there are the herds of buffalo, zebra or wildebeest so large that they move as one across your horizon, like a river. All of these experiences are possible in the Serengeti, one of the most beautiful parks in Africa.

Evening Game Drive, Serengeti National Park

You'll love the warm light and cooler temperatures as we take you out to explore on your evening game drive. This time of day is when both predators and prey are most active and it can feel as though anything could happen at any moment. This is when you'll most enjoy being on safari.

Your first sight of Ngorongoro Crater is likely not one you'll easily forget. As seen from the crater rim, this natural bowl, both vast and intimate, is one of Africa's most beautiful natural features, stretching 19 green kilometers (12 miles) from one side to the other. Down in the crater itself, you'll explore an astonishingly rich, self-contained ecosystem that is protected by high crater walls. Here, lions and hyenas hunt wildebeest and Grant's gazelle within sight of elephants and black rhinos. Your day spent here will reveal a surprising variety of habitats, from the Lereal Forest and salty Lake Magadi to the plains that rise and fall gently all across the valley floor.

Tourists from all over the world come here to chill out on some of Africa's most beautiful beaches and explore the surrounding coral reefs and islets. When you visit Jozani Forest in the interior of Zanzibar, you'll experience a place unlike any other on the island. Colorful birds found here include Fischer's turaco, Mangrove kingfisher and red-capped robin-chat.

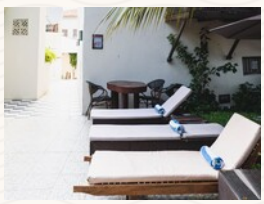

Guided Walk, Jozani Forest

One of our guests' favorite activities on Zanzibar is a guided walk into lovely Jozani Forest. Protected within Jozani–Chwaka Bay National Park, this is the island's largest remaining coastal forest and a key stronghold for Zanzibar red colobus, an endangered monkey that occurs nowhere else in the world. You're sure to see habituated colobus troops here, along with various other forest monkeys and birds.
