Thank you so much for facilitating such a terrific and memorable week for our large group in Cancun. We came to realize that truly **E**verything **I**S **P**ossible in **C**ancun…thanks to Epic!!! - Debbie Totten, Vice President, Brand, Communications and Creative Resources – Vistana Signature Experiences

When we choose our partners, it is not necessarily based on their price offer, most important for us is the level of service, and once you do things with your heart and not only with your head it makes the whole difference. The program just finished and we have already received several text messages that this was the best incentive group ever. Eli texted me that it was not just the best incentive ever for his company, in his opinion it was the best Incentive group that was made in the Israeli market for years. – Tzafrir Ben-Avinoam- COO Tamla Travel
