## 3 days 2 nights selous safari tour.

This is  3 days Selous budget safari starts from Dar es Salaam. This tour is ideal for budget travelers. Selous game reserve is well known as host of large number of elephants in Tanzania. Here you will come across buffalos, Hippos, crocodiles and many species of birds. Accommodation is offered in mid-range permanent tented camps.

## Day 1: Dar es salaam to Selous Game Reserve:

Meet your driver/guide in Dar es Salaam and drive with lunch box to Selous game reserve. Normally the drive takes up to 7 hours (219km) both tarmac and off road, and on first day normally we will have an evening boat trip

The boat safaris are conducted in sturdy metal boats with a powerful outboard motor on the back and a covered canopy. Each boat safari is guided by a boatman who has grown up on the river and knows all the little nooks and crannies where a boat can sneak through like the back of his hand. They are also well aware of hippo and crocodile behavior having spent so many years' safely guiding people between them. The boat safaris provide some of the best water birding in Africa as well as getting up close and personal to hippos and crocs which swarm through the river system, be they wallowing in the water or basking on the banks.

## DAY 2 FULL DAY GAME DRIVE:

After breakfast full day game drive in a specially modified safari vehicle with a professional guide, in which you should see and learn much about a large number of animals, including all the great favorites – lion, elephant, giraffe, buffalo, zebra – and all the other major species including the now rare African hunting dog. Great variety of bird species. Wonderful scenery, with varied topography: wetlands, dry grassland, light acacia forest and higher ground with long views to far-off mountains.

Packed lunch and time to rest. Your guide will select a location with shade and water nearby to

watch animals coming to drink – a place with a clear view all round so that no predator can creep up unseen! Back to the lodge by 6.30 for sunset and dinner when you're ready.

## DAY 3- WALKING SAFARI AND DRIVE TO DAR:

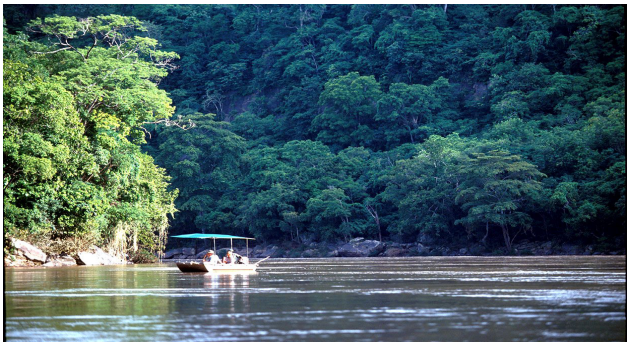

Walking safaris are a fantastic way to get close to nature and learn more about the smaller species and the bush itself. It's an unforgettable experience to walk within such a vast and untamed area of natural reserve

Although you may spot some giraffes or walk in the footsteps of elephants, our walking safaris are tailored to give you the opportunity to learn about the things you miss from a vehicle or boat - the ecosystem that the animals live in. Learn to identify animal tracks and signs and hear fascinating information about the insects, trees and colorful birdlife.

Walks are slow-paced, accompanied by both an armed ranger and our expert guide and are around 2-3 hours long. Leaving camp at around 6.30am after a cup of tea or coffee and some homemade biscuits. One of our safari cars drives you the short distance to the entrance gate of the game reserve where you pick up your armed ranger before heading to the start of the walk.

Please note groups cannot be larger than 6 people. Children must be able to walk unassisted and the camp management, guide or ranger accompanying the walking safari have the right to stop a child from participating if they feel it is in the best interests of the safety of the individual or group.

Walking safari will take about 2-3 hours then we will have breakfast and start drive back to Dar es Salaam and this will be the end of our tour.
