ABOUT US

The foundations of Türkkan Tourism were laid in 1960 with the name of Halil Türkkan Bus Business in Kadıköy and it has been in service for over 50 years.

The company, which was founded as a family business, has adapted its corporate management structures with its new generation interfamilial and professional managers as of 1995.

Since the day it was founded, Türkkan Tourism has been conducting solution partnerships with many leading private and government institutions of Turkey in the field of railway engines.

As it did in the past, Türkkan Tourism still continues today to Carry its Responsibility with its constantly renewed vehicle fleet that is in line with the current conditions and its new customer-oriented services that it has developed.

Türkkan Tourism, creating solutions to the changing and improving customer requests with its proactive service approach, takes it upon itself to be a "Transportation Partner" to all of its shareholders as well as a supplier.
