Why should you get a Schengen Visa?

The Schengen area is a beautiful region with 29 countries, each offering scenic beauty and a pleasant climate. It is ideal for a peaceful vacation with family. A Schengen Visa allows you to travel freely within these 29 countries, providing numerous travel options. Additionally, having a Schengen Visa can facilitate obtaining visas for other countries, such as the USA and Canada, which often offer long-term visas.

Type of Schengen visas and Schengen countries

- **The uniform Schengen Visa (USV),** allows you a short-term visit for tourism, business, or visiting purposes.
- **The Schengen Airport Transit Visa (ATV)**, is required, while you are visiting different countries passing through the Schengen areas.
- **The Limited Territorial Validity Visa (LTV)**, is granted in exceptional cases when a visa holder is only allowed to enter and stay in specific Schengen countries.

You can visit all the 29 Schengen countries in Europe with a Schengen visa. To get this visa, you need to choose one country to apply for first. Some Countries like Austria, Czech Republic, Belgium, Netherlands, and Switzerland have approval chances that are very high. We usually suggest applying through one of these countries because they often approve more applications.

If you obtain a Schengen tourist or business visa for any of these countries, it will allow you to enter all 29 countries without needing to get a visa again. You can travel by land, air, or sea freely to any of these countries with the same visa.

All important info you need to know about the Schengen visa.

To get the fastest Schengen visa from Dubai, you need to plan your travel before three months prior so that we can get a earliest VFS appointment for you.

Rejections often occur due to insufficient funds shown in the bank accounts or if the applicant does not have a strong professional background. Professions like doctors, engineers, lawyers, CEOs, and company directors tend to have a higher approval rate.

If you want to visit a specific country, you can apply for that country and enter through it. If you cannot get an appointment for that country, you can apply through another country and show the first point of entry as the country you intend to visit. For example, if you are applying for Austria but want to visit the Czech Republic, you can show the first point of entry as the Czech Republic and then travel to Austria. All countries have a common rule that the maximum stay should be in the country for which you are applying for the visa, regardless of your entry or exit point.

If you're planning to apply with your family and they are under your sponsorship, then an NOC from your side will be required, which we will prepare and send to you. The documents from our side would be appointment confirmation, application form, hotels, flights, insurance cover letter, and travel itinerary.

If you have a group application, we can make group bookings and offer discounts on charges. Your passport should be valid for more than three months, and your UAE residency visa should also be valid for more than three months.

The total charges for the documentation would be 850 AED, including the appointment and valid insurance. Additionally, you have to pay around 400 AED at the VFS, which would be the visa fees and their service fee. The visa fee differs for adults and children; for adults, it is 330 dirhams, for children, it is 165 dirhams.

After the submission of your documents at the VFS, it takes around 10 to 14 days. The processing time depends on which country you're applying to. When your visa is ready, you will get your passport back to your home if you opted for a courier service, or else you need to go to the VFS for the passport collection.

If you have travelled to Schengen countries before, we can help you obtain a multiple entry Schengen visa. With your multiple entry visa, you can travel to all 29 Schengen countries multiple times. The visa duration is completely up to the embassy, we can request for a period of 6 months to 5 years depending upon how many previous Schengen visas you had.
