Activity Overview

- Crescendo's unique approach generates amazing results even when participants have no previous musical experience!
- Instructors assign team members one of two classical string instruments: the violin or the viola
- Then, they quickly teach them the basics of playing and learning their part in a custom-made composition
- At the end, with the accompaniment of a bespoke backing track, the two sections make beautiful music together
- Few individuals can learn to play classical music in under an hour, but a team of people working in synergy can!
