3-DAYS CHIMPANZEE HABITUATION EXPERIENCE

Overview

This 3-day safari offers a rare and immersive experience with chimpanzees in Kibale National Park, the primate capital of the world. Unlike a typical chimpanzee trek, the habituation experience allows you to spend an extended period with these intelligent primates as they adapt to human presence. Guided by expert researchers and rangers, you will observe their behaviours, feeding patterns, and interactions in their natural habitat. The journey also provides stunning views of Uganda's countryside, rich biodiversity, and an opportunity to connect with nature on a deeper level.

Day 1: Transfer to Kibale National Park

The adventure begins with a scenic drive from Entebbe or Kampala to Kibale National Park in western Uganda. Along the way, the journey passes through beautiful tea plantations, rolling hills, and rural landscapes that offer a glimpse into local life. A stopover in Fort Portal provides an opportunity for lunch before proceeding to the lodge near Kibale. Upon arrival, check in at the reserved lodge and spend the evening at leisure, preparing for the chimp habituation experience the following day.

Meal Plan: Lunch

Accommodation: Kibale Forest Camp

Day 2: Chimpanzee Habituation Experience

An early breakfast is followed by a transfer to the park headquarters for a briefing on the chimpanzee habituation process. Unlike the standard chimpanzee trek, this experience allows an entire day in the forest, starting from when the chimps wake up until they build their nests in the evening. Accompanied by researchers and trackers, you will follow a chimpanzee community, observing their behaviour, vocalizations, feeding habits, and social interactions. The experience provides invaluable insight into the life of these fascinating primates. After a full day in the forest, return to the lodge for a relaxing evening.

Meal Plan: Breakfast, Lunch, Dinner

Day 3: Transfer Back to Entebbe

After breakfast, depart from Kibale and begin the return journey to Entebbe or Kampala.
